FORCEPOINT

Forcepoint Bangladesh is your trusted partner in creating modern, comfortable, and efficient living spaces. We specialize in delivering high-quality electrical, lighting, sanitary, hardware, HVAC, and interior solutions tailored to your needs. From smart switches and energy-efficient lighting to advanced air conditioning systems and stylish office interiors, our innovative products and services enhance safety, functionality, and aesthetics. Committed to excellence, we empower homes and businesses with reliable, cutting-edge technology for a connected and sustainable future.

Star Technologies BD

Star Technologies BD provides cutting-edge IT distribution and solutions, offering hardware, software, cloud, and cybersecurity systems for enterprises, telecom, and diverse industries. Our commitment to innovation ensures tailored, reliable technology to drive business success.

Global Fabrics Solutions

Global Fabrics Solutions offers premium fabric supply and sourcing for fashion, textile, and industrial markets. With a global network, we ensure ethical sourcing, high-quality fabrics, and seamless supply chain solutions tailored to diverse needs.

Globaltech Engineering BD

Globaltech Engineering BD delivers durable, cost-effective industrial flooring and construction solutions for commercial, industrial, and residential spaces. Specializing in polished concrete, waterproofing, and heat-proofing, we ensure long-lasting, high-quality surfaces that withstand tough conditions.

Global Trading

Global Trading Companies simplify international trade with logistics, customs, and compliance solutions. We source quality products, negotiate prices, manage supply chains, and offer trade financing for competitive global trade.

Forcepoint Bangladesh, Star Technologies BD, Globatech Engineering BD, Global Trading, and Global Fabrics Solutions deliver innovative solutions across industries. Forcepoint Bangladesh enhances living spaces with electrical, lighting, sanitary, hardware, HVAC, and interior services. Star Technologies BD provides IT, networking, and cybersecurity solutions for enterprises. Globatech Engineering BD offers durable flooring, waterproofing, and heat-proofing. Global Trading simplifies international trade with logistics and financing. Global Fabrics Solutions supplies premium fabrics globally. Together, we ensure reliability and sustainability.

MISSION

Forcepoint Bangladesh aims to enhance living spaces with innovative electrical, lighting, sanitary, hardware, HVAC, and interior solutions. Star Technologies BD drives enterprise success with cutting-edge IT, networking, and cybersecurity services. Global Fabrics Solutions provides premium fabric sourcing for global markets. Globatech Engineering BD delivers durable flooring, waterproofing, and heat-proofing for diverse spaces. Global Trading simplifies international trade through efficient logistics and financing. Together, we strive to meet diverse needs with quality and innovation.

VISION

We envision a future where Forcepoint Bangladesh leads in sustainable living solutions, Star Technologies BD powers a connected digital world, Global Fabrics Solutions shapes the textile industry with excellence, Globatech Engineering BD sets standards in resilient infrastructure, Global Trading bridges global markets seamlessly. Our collective vision is to create lasting impact through technology and reliability. We aim to inspire global communities with our collaborative efforts. We strive to set new benchmarks in industry leadership.

IP Telephony Functions

- » Voice over IP (VoIP)
- » Call Routing & Forwarding
- » Auto Attendant (IVR)
- » Voicemail & Voicemail-to-Email
- » Call Conferencing
- » Call Recording
- » Softphone Support
- » Caller ID & Call Screening
- » SIP Trunking
- » Integration with CRM & Business Applications

Enterprise Wi-Fi Solutions

- » Structured Cabling Solutions
- » Copper and Fiber Cabling Systems
- » Pre-Terminated Copper and Fiber Solutions
- » Power & Connectivity Solutions
- » Power over Ethernet (PoE) Systems
- » Cable Management & Enclosures
- » Surface Raceway Systems
- » Cabinets

PABX Solution Functions

- » Call Switching & Internal Communication
- » Extension Management
- » Call Holding, Transfer & Parking
- » Hunt Groups & Call Queues
- » Interactive Voice Response (IVR)
- » Call Logging & Reporting
- » Analog & Digital Line Support
- » Security & Encryption
- » Failover & Redundancy
- » Remote & Multi-Branch Connectivity

AV & Multimedia Solutions

- » Audio & Video Conferencing Systems
- » Digital Signage Solutions
- » Audio Distribution & Amplification
- » Video Wall Integration
- » Projector & Screen Solutions
- » Interactive Whiteboards & Displays

Power Backup Protection Solutions

- » Uninterruptible Power Supply (UPS) Systems
- » Power Conditioning & Voltage Regulation
- » Surge Protection & Lightning Arrestors
- » Automatic Transfer Switch (ATS) Integration
- » Battery Backup & Management Systems
- » Generator Power Solutions
- » Power Distribution Units (PDUs)
- » Renewable Energy Backup (Solar/Wind)
- » Energy Monitoring & Management Systems
- » Redundant Power Supply Solutions

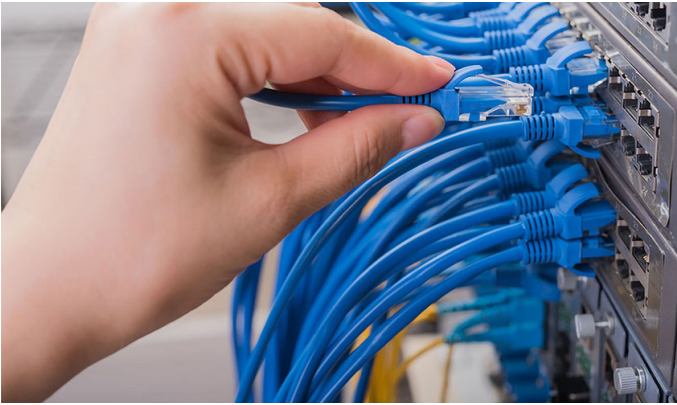

Enterprise Network Equipment Solutions

- » Core & Edge Routing Solutions
- » Network Switches (Managed & Unmanaged)
- » Wireless Access Points & Controllers
- » Software-Defined Networking (SDN) Solutions
- » Network Firewalls & Security Appliances
- » Load Balancers & Traffic Optimization
- » Virtual Private Network (VPN) Solutions
- » Network Monitoring & Management Systems
- » Cloud & Hybrid Network Integration
- » High-Availability & Redundant Network Systems

Network Rack & Cabinet Solutions

- » Network Rack and Cabinet
- » Equipment Housing & Protection
- » Cable Management
- » Airflow & Ventilation
- » Power Distribution
- » Security & Access Control
- » Space Optimization
- » Rack Mounting Compatibility
- » Mobility & Accessibility
- » Grounding & Surge Protection
- » Scalability & Modular Design

Structured Network Cabling

Structured Network Cabling Designing and implementing Cat 5e, Cat 6, and fiber optic cabling systems for robust network connectivity.

Data Center Solutions

Providing raised floor systems, cable management, and server consolidation for efficient data center operations.

Security & Surveillance Solutions

Offering CCTV, access control, and intrusion detection systems with site surveys and installation.

IP Telephony & PABX Solutions

Implementing VoIP, call routing, and PABX systems for seamless business communication.

Power Backup Protection

Supplying UPS, battery backup, and renewable energy solutions for uninterrupted power.

Online Software Development

Developing tailored web-based software solutions to streamline business processes and enhance digital operations.

 **BOSCH**

Global Fabrics Solutions is a leading provider of premium fabric sourcing and supply services across the fashion, textile, and industrial sectors. With a strong international network and deep industry knowledge, we ensure consistent quality, responsible sourcing practices, and efficient supply chain management. From boutique designers to large-scale manufacturers, our solutions are tailored to meet your unique needs.

Fabric Sourcing

Access high-quality fabrics from verified global mills. From organic cotton to high-performance synthetics—we find what fits your needs.

Custom Solutions

Tailored fabric development and sourcing to match your design, performance, and compliance requirements.

Supply Chain Management

Seamless logistics, timely delivery, and full oversight from source to your doorstep.

Super Polish Concrete Floors

Advanced techniques used to create durable, glossy, and low-maintenance polished concrete surfaces ideal for industrial and commercial spaces.

Epoxy Flooring Systems

A high-performance flooring solution that is seamless, chemical-resistant, and easy to clean—perfect for factories, warehouses, and retail areas.

PU (Polyurethane) Flooring Systems

Flexible, heavy-duty flooring designed to withstand mechanical stress, temperature fluctuations, and wear in environments like food processing, pharmaceuticals, and cold storage.

Floor Hardener Applications

Application of surface hardeners to enhance abrasion resistance, load-bearing capacity, and longevity of concrete floors in high-traffic industrial zones.

Concrete Floor Leveling

Precision leveling of concrete surfaces to ensure smooth, even, and structurally sound floors, ready for final finishing or coating.

Roof Waterproofing

Comprehensive waterproofing solutions using modern materials and techniques to prevent roof leaks, moisture damage, and structural issues.

Heat Proofing

Protective coatings and insulation systems designed to reflect sunlight, reduce heat absorption, and improve energy efficiency for rooftops and buildings.

Product Sourcing & Procurement

We help clients find trusted suppliers and manufacturers worldwide. Our team negotiates pricing, quality standards, and delivery terms to ensure consistent supply of reliable, high-quality products.

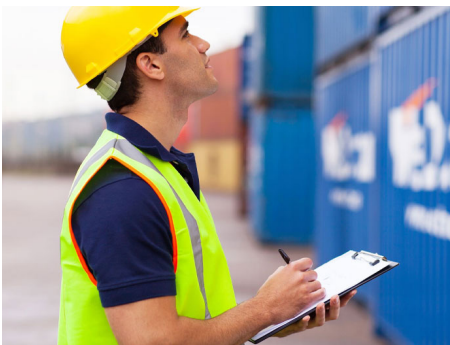

Import & Export Services

From documentation to customs compliance, we handle all aspects of international shipping. We ensure smooth import/export operations with proper certifications, permits, and trade law adherence.

Logistics & Freight Management

We provide cost-effective and timely shipping solutions via air, sea, or land. Our logistics team oversees warehousing, packaging, and global distribution, ensuring your goods arrive safely and on time.

Customs Brokerage

Our experts manage customs clearance, duties, tariffs, and import/export regulations. We ensure your shipments move across borders without delays or legal issues.

Trade Financing Support

We assist clients in securing letters of credit, trade credit, and other financial instruments to facilitate international transactions and reduce payment risks.

Market Research & Entry Strategy

We analyze target markets to identify demand, competition, and potential opportunities. Our insights help businesses enter new regions with effective strategies and compliance support.

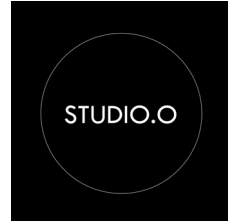

Risk Management & Insurance

We help manage risks like currency fluctuation, shipment damage, and delays. We also arrange insurance coverage to protect goods during transit.

Supply Chain Optimization

We streamline the entire supply chain—from procurement to delivery—using smart inventory and logistics strategies that reduce costs, delays, and inefficiencies.

WHY CHOOSE US?

Choose Forcepoint Bangladesh for our expertise in delivering innovative, sustainable solutions tailored to your needs. We combine advanced technology, quality craftsmanship, and a customer-centric approach to ensure exceptional results. Our diverse offerings, from electrical systems to interior design, make us a one-stop partner for modern living. Backed by a commitment to reliability and excellence, we create spaces that inspire and endure.
